Guide for the Application for the Japanese Government (Monbukagakusho) Scholarship of Post-graduate Program for Global Human-resources Development (PPGHD)

The Post-graduate Program for Global human-resources Development (PPGHD) in the Graduate School of Agriculture provides all lectures, seminars, and internships in English for both foreign and Japanese students. Students from overseas can learn and study completely in Japan without a hurdle of Japanese language. The PPGHD is an educational course in the Graduate School of Agriculture, Saga University (in part of the branch of the United Graduate School of Agricultural Sciences, Kagoshima University). Therefore, the applicants should select the supervisor who belongs to Graduate School of Agriculture, Saga University, that started in October 2013, in order to bring up global researchers and/or engineers who will contribute to the agricultural science. This is a call for application to a three-year Doctor Course for the academic year of 2020, sponsored by the Scholarship Program of Monbukagakusho (The Ministry of Education, Culture, Sports, Science and Technology of the Japanese Government). Foreigners having the nationality in the country list (appendix) and arriving from foreign countries to attend this program can apply to this scholarship program.

Nowadays, education and research in agricultural science should be conducted from comprehensive and global viewpoints. Expertise on agriculture become to more important for produce food and keeping biological resources. The creation of agricultural expertise is indispensable for understanding and solving the problems posted by the impact of human activities on the global environment and on all living organisms, including humans. The PPGHD has been established in the Graduate School of Agriculture in order to discuss/share global agricultural problems whole over the world. The scope and goal of this PPGHD are to educate for students to acquire agricultural knowledge and enhance their ability of logical thinking, in the hope from comprehensive global viewpoints after their return to home countries.

In the Doctor Course program of the PPGHD, education and research guidance of the fields are given by the Department of Biological Resources Sciences in the Graduate School of Agriculture. Applicants should decide the research fields and choose prospective relevant supervisor(s) appearing on the List of Academic Staffs.

Students who complete the Doctor Course program of the PPGHD are granted the Doctor of Agriculture. In this application, the month of entrance is October, and they can enter the PPGHD course immediately after completing their Master program in their country without learning of Japanese language.

QUALIFICATIONS

1. **Applicants:** Foreigners having the nationality in the list in appendix bellow and arriving from foreign countries to attend this program can apply.
2. **Grant history:** Applicants who had been granted with any kind of MEXT scholarship in past three years are required to have an appropriate experience in their study and/or educational activities in foreign countries for at least three years after the scholarship was completed.
3. **Age:** Applicants must be people who were born on or after April 2, 1985.
4. **Academic career:** Student's record of applicants should belong to a highest class in the University from which the applicant graduated. The following candidates may apply for admission:
 - a. Those who have received Masters's Degree from Japanese University.
 - b. Those who have received Masters's Degree after completing 18 years course of school education in foreign country, or will receive it as of September 30, 2020.
 - c. Those who have completed 18 years course of school education of foreign country in Japan through correspondence education of a foreign school, or will complete the course as of September 30, 2020.
 - d. Those who have completed 18 years course of school education of foreign country at

- educational institutions of the foreign country in Japan, which is designated by the Minister of Education, Culture, Sports, Science and Technology of the Japanese Government, or will complete the course as of September 30, 2020.
- e. Those who have completed 17 years course of school education in foreign country, and been admitted by the Graduate School of Saga University to obtain sufficient credits with excellent score.
 - f. Those who have been designated by the Minister of Education, Culture, Sports, Science and Technology of the Japanese Government.
 - g. Those who are 24 years old or more as of September 30, 2020, and are admitted by the Graduate School of Saga University as that their academic abilities are equivalent to or higher than Masters's Degree of Japanese Universities upon reviewing the submitted materials.
5. **Health:** Applicants should be in good health both mentally and physically.
 6. **Language proficiency:** A good working level of English is required.
 7. **Examination:** Applicant should take entrance exam of the United Graduate School of Agricultural Sciences, Kagoshima University in September 2020. The further information will be sent to successful candidates.
 8. **Arrival in Japan:** Applicants should arrive in Japan between September 25 and 30, 2020, if admitted.

Remarks

- 1) Military personnel and civilian employees of the armed forces are not eligible.
- 2) Admission shall be canceled if the applicant fails to arrive in Japan between the dates mentioned above.
- 3) At our university, only one member of a married couple should apply. The scholarship can not be applied for when one member of a married couple has received the Japanese government scholarship.
- 4) Neither applicants for other universities in Japan for the Japanese government scholarship, nor applicants for embassy recommendation, nor the recipients of scholarships from their country are eligible for this program.
- 5) The scholarship shall be canceled if the applicant fails to receive the Master's Degree by September 30, 2020.
- 6) If you are handicapped and hope the special care about the entrance examination or the study in Japan, please consult with the entrance examination office before the application.

SCHOLARSHIP BENEFITS

1. Monthly allowance: A monthly amount of 145,000 Yen (as of 2019) shall be paid from Monbukagakusho for three years from October 2020. This allowance may not be paid if the recipient is absent from school for over a month.
2. Allowance for transportation
 - a. Transportation to Japan: Monbukagakusho shall provide an economy class air ticket between the international airport nearest to the scholarship recipient's residence in the country of the scholarship recipient's nationality and New Tokyo (Narita) International Airport or Fukuoka International Airport. Monbukagakusho will appoint route and date of the flight. The travel fee in the recipient's home country, the airport fee, the airport tax, special tax for the transportation, the travel fee in Japan should be covered at recipient's own expense. (In principal, "the scholarship recipients' residence" is defined as the mailing address denoted on the application form.)
 - b. Transportation from Japan: According to the scholarship recipient's application, Monbukagakusho shall provide a set of economy class air tickets to the recipients who will leave for their home countries in the month of their completion of the program. The coverage of the tickets shall be from Narita International Airport or Fukuoka International Airport to the international airport nearest to the place of their residence in their home country. This privilege shall be applicable for the scholarship recipient.
3. School fees: All school fees such as entrance examination, registration, and tuition costs, shall

be waived.

Remarks

- 1) Travel and accident insurance to/from Japan should be covered at recipient's own expense. The international airport departing to/from Japan must be the international airport in the country of the scholarship recipient's nationality.
- 2) The Monbukagakusho scholarship will be granted for 3 years to complete the Doctor course program of the PPGHD.

SELECTION AND ADMISSION

1. Applicants who have excellent records will take an interview or an Internet interview by your desired Advisory Professor (Supervisor) after all-round judgment of submitted papers. The interview or an Internet interview certifies that applicant does not apply for another university and that applicant will enter Saga University certainly when applicant is selected as a candidate of the scholarship. The academic ability of applicants is also confirmed by the interview or an Internet interview.
2. Applicants shall be examined by the Screening Committee of the PPGHD. Only those who have a solid academic background, research capability and commitment are selected. The selected scholarship candidates will be informed and asked to reply their acceptance of the selection immediately in the early of March 2020. After receiving their confirmation letter, they will be recommended to Monbukagakusho for the award of a scholarship in March. The final decision of Monbukagakusho will be informed to the candidates through Saga University in July 2020.
3. When the applicants accept their scholarship candidate in March 2020, they should withdraw all other scholarship applications.
4. The total number of scholarship recipients is 3.

Remarks

- 1) Applicants selected by Monbukagakusho as grantees must enroll in the program. Refusal to enter the course after acceptance is not allowed.
- 2) Those who apply for Saga University are not allowed to apply for any other universities as the Monbukagakusho scholarship student.
- 3) Those who have applied for the Japanese government scholarship from Saga University and other university simultaneously, the Monbukagakusho will cancel their scholarship candidate for all universities, even if applicants are admitted as the Monbukagakusho scholarship student at Saga University.

ENROLLMENT

1. Date of enrollment is October 3, 2020.
2. Scholarship grantees shall be enrolled as regular graduate students of Saga University.

APPLICATION PROCEDURE

1. Applicants should prepare the following documents to be forwarded to the Dean of the Graduate School of Agriculture, Saga University.
 - ① **Application Form** (Form A).
 - ② **Application Form for Japanese Government (MONBUKAGAKUSHO:MEXT) Scholarship** (Form B). (This should be printed on both sides.)
 - ③ **Field of Study and Research Plan** (Form C). (This should be printed on both sides.)
 - ④ Official **transcript of Master's Degree** or **certification of Master's Degree**. If applicant is a student now, **certificate** that the applicant will be provided Master's Degree before September 30, 2020.
 - ⑤ Transcripts of **Academic Record** issued by the university authorities and their English translation. (The criteria of academic assessment should be also shown.)

- ⑥ Certificate of a student's record of highest class in the University from which the applicant graduated. (GPA, ranking at the class, classification of ABC, or another corresponding numerical index)
 - ⑦ English summary of **Master Thesis** or its equivalent if available, not exceeding four sheets of A4 size paper typed in double space. When a Master Thesis is not required by the University from which the applicant graduated, prepare a statement to that effect.
 - ⑧ Certificate of **Citizenship** issued by the appropriate authorities.
 - ⑨ **Recommendation, Reference and Certificate for the relationship**
 - a. A letter of **Recommendation** (Form D) from the head (Dean, in case of University) of the applicant's affiliated institution.
 - b. Letter(s) of **Reference** (Form E) from those who know the applicant's research/study capability addressed to the Dean of the Graduate School of Agriculture.
 - c. **Certificate for the relationship** with the Faculty of Agriculture, Saga University (Optional, if any). Those who have attend SPACE program, short-term program (i.e., Sakura Science Program) or similar ones at Saga University, can be submit the related document or certificate. Additionally, if the applicants have a supervisor who has a relationship with Saga University professors, they can attach the supporting letter that indicates the relationship (free letter style).

The letters of recommendation and reference(s) should indicate the English proficiency of the applicant. The recommendation letter should refer to certification that the applicant will surely enter Saga University, if the applicant is selected as a Grantee of Monbukagakusho scholarship.
 - ⑩ Certificate of English ability (for example, TOEFL, TOEIC).
 - ⑪ **Three Photographs** (hatless portrait), 4.5 cm×3.5 cm in size, taken within six months of application date. Two copies should be attached to the application form. One extra copy should be enclosed therein, with the applicant's name and the nationality on the reverse side of the copies.
2. All documents should be sent by registered air mail, and must arrive at the International Affairs Office by **February 5, 2020**.

Remarks

- 1) The above documents should be type-written in English on A4 size paper.
- 2) Incomplete documents are not acceptable.
- 3) Applicants are advised to choose their desired Advisory Professor (Supervisor), and to indicate the supervisor's name on the application form (Form A).
- 4) None of the documents submitted is returned to the applicant in any case.

NOTES

- 1. The rights of a grantee of the scholarship shall be deprived under the following cases:
 - a) False statements on the documents.
 - b) Violation of the pledge.
 - c) Leaving and/or transferring from the Graduate school of Saga University.
 - d) Violation of school regulations, and no satisfactory academic achievement.
- 2. Grantees are recommended to be well acquainted with the Japanese language, culture, customs, etc. A skill of the Japanese language is necessary in daily life.
- 3. Grantees are expected to complete their Doctor Course Program within three years.

The Private-Expense foreign students must pay the following entrance fee and tuition fee.

Entrance fee: 282,000 yen (scheduled).

Tuition fee: 267,900 Yen for each semester (scheduled). [535,800 Yen per academic year (scheduled).]

Amount of due might be slightly revised depending on the decision of the administration council.

Payments must be done for each semester biannually within the beginning two months of the semester. For the following information on the tuition assistance, exemption subsidization, and scholarships is available at the Benefits section.

1. Exemption of tuition fee from complete to 50% may be granted depending on circumstances.
2. There are several scholarships for private-expense foreign students. Students can apply for these scholarships.
3. Housing: Students can apply to Saga University International House, or low-cost apartments supported by Saga prefecture and other organizations.

CORRESPONDENCE

The application form of the PPGHD should be sent by air mail to the address shown below. Note that the application forms must not be submitted in any kinds of electronic form. Forms sent by facsimile and attached files on e-mail are not accepted in any occasion.

**ACADEMIC MAJOR CHAIR STAFFS ATTENDING PPGHD(DOCTOR),
AND THEIR MAJOR FIELDS AND RESEARCH INTERESTS**

Name of Major Advisory Professor	Special Subject	Instruction and Research Fields
Toyoaki ANAI	Plant Molecular Breeding	Improvement of higher plant by using induced mutation and transgenic technology.
Shiro ISSHIKI	Vegetable and Ornamental Horticulture	Genetics and breeding in horticultural crops.
Nobuhiro KOTODA	Horticulture and Plant Physiology	Physiology and functional genomics of citrus germplasm and horticultural crops.
Akihiro SUZUKI	Crop Physiology	Mechanism for establishment of symbiosis between higher plants and symbionts.
Yuki OGURA-TSUJITA	Horticulture, Plant phylogeny	Studies on mycorrhizal association, plant ecology, conservation and in vitro culture in flowering plants.
Zheng, Shao-Hui	Tropical Crop Science	Cropping system, Physiology and Eco-morphology of tropical leguminous crops.
Daisuke FUJITA	Plant Breeding	Genetics and improvement in tropical crop.
Ken-ichi YAMANAKA	Animal Reproduction	Study on the improvement of in vitro embryo production system.
Miho FUJIMURA	Rural Sociology	Community organizations and environmental change in rural society.
Hiroshi KITAGAKI	Fermentation Microbiology	Analysis of organelles and metabolism of fermentation microbes and its industrial application.
Genta KOBAYASHI	Applied Microbiology	Isolation of useful microorganisms and utilization of biomass using microorganisms.
Masatoshi GOTO	Applied Microbiology	Functional analysis of filamentous fungi and their application.
Koji NAGAO	Nutrition Biochemistry	Regulation of lipid metabolism and physiological functions of food.
Seiji NOMA	Food process engineering	Development and improvement of food processing technology.
Yoichiro HAMA	Bioresource Chemistry	Structure and function of glycoconjugates.
Kanji ISHIMARU	Plant Biochemistry	Biotechnology and utilization of secondary metabolites in plants.

Nobuaki SOH	Analytical Chemistry, Material Chemistry	Bio/environmental analysis and Biomaterial.
Yukio NAGANO	Biochemistry and Molecular Biology	Biochemistry and Molecular Biology of higher eukaryotes.
Susumu MITSUTAKE	Lipid Biochemistry and Food Function	Physiological function of lipids on the plasma membrane, and its application on functional food.
Shin-ichi KAWAGUCHI	Chemistry of Natural Resources	Development of cosmetic and medicinal material from natural resources.
Daisuke UENO	Environmental Analytical Chemistry	Analytical chemistry on environmental pollutants.
Motoaki KUSABA	Plant Pathology	Molecular genetics of plant-microbe interactions.
Makoto TOKUDA	System Ecology	Plant-herbivore interaction.
Toyoshi YOSHIGA	Nematology	Physiological and ecological studies on nematodes.
Fumiyoshi KONDO	Environmental Geotechnics	Study of physical, chemical and geotechnical properties of soft soil, and development of environmental material for soil improvement.
Munehiro TANAKA	Agricultural Engineering	Preservation of Agricultural products and sustainable utilization of biomass resources.
Kozue YUGE	Irrigation engineering	Optimization of water management in farmlands and quantification of multifunctionality of irrigation water.
